“Not Interested In Horses?”

So What?? Are You Interested In Making Money? BIG MONEY??

TAX FREE!! YES!! Then Read On

Let me introduce myself, I am the highly respected industry guru Eric Cole. This is my real name and I'm certainly not some anonymous tipster or promoter hiding behind a P.O. Box operating under a false name. I spent many years of exhaustive research, study and technical analysis of horse racing results which resulted in a system that picked winners with incredible consistency week in week out. The problem was the results, although consistent and very profitable, were not gaining significant enough winners in the short to medium term to truly excite or amaze my future syndicate members (people like you). Then, lady luck smiled on me in a chance meeting with a Russian chess player in Moscow. He revealed the 'missing link', the simple mistake I had been making and at last I had found the 'Holy Grail' my secret gambling system. To cut a long story short, the missing link was being used in 'black market' chess betting in the parks of Russia by the shrewd mathematically minded 'chess bookies'. It was so simple I couldn't believe I had overlooked it. The system was now perfect and this resulted in the birth of "The Secret System™". The system works on hard facts not fictional 'insider knowledge' and produces precision selections that generate long term consistent profits. Believe it or not, I will even show you how to make big money on horses that LOSE!! Yes it's true. The negative side of "The Secret System™" will select highly probable losers that you can make BIG MONEY on just like the bookies. Believe me it's truly amazing. Join my exclusive syndicate and you will become a professional money maker overnight and leave 'gambling' to the 'mug punters'.

Is The Secret System For Sale?

NO WAY!! Not in a million years. Sorry for being blunt and selfish but I have spent half my life looking for a way to make tax free easy money with little or no work and I'm not about to give it up. Sure I could package it up into a software program and sell it for £10,000, but why? This would be very short term and stupid of me. Tell me honestly, if you had discovered the 'Holy Grail' of betting would you sell it? I don't think so... I want to share the rewards of my discovery with others but without having it stolen. To safeguard my interests the formula will always remain a secret. This is why I have formed an exclusive private syndicate of members to whom I give betting advice on a daily basis. My goal is to keep you as a happy subscriber to my services as a syndicate member for many years to come. Your loyalty will be rewarded with massive profits and you will also enjoy payments from our unique company profit share scheme (more on this later) and together we will all make a lot of money. Once you have experienced the remarkable success of "The Secret System™" you will never cancel your membership.

"I Can't Believe It, They lost"

This was the comment from a happy syndicate member when 4 horses in a row LOST and netted her a small fortune thanks to "The Secret System™". Now you too can make money from LOSING HORSES just like a bookmaker. I'll show you how and then give you the selections. Even if you don't know one end of a horse from the other my simple explanation of the basics in your welcome pack will reveal all you need to know. You will be able to do this even if you have NEVER placed a bet in your life. You may be thinking "How can this possibly work?" or "It's too good to be true" but let me assure you it's a fact. Since the recent creation of 'automated betting exchanges' it has been possible to cut out the middle man (bookmaker) and lay bets open to the market as an individual. Don't worry, this is a simple process that requires nothing more than a telephone or an Internet connection. As a professional money maker it's a dream come true. I ask you, how many 'flat broke' bookies have you met? Now it's your turn to get a piece of the action!! WIN or LOSE we make regular TAX FREE profits

How The Share Pot Works!

To help top up members betting banks and provide a monthly residual income, a dynamic compression pay out system has been implemented. I don't wish to bore you with the mathematical formulae, so to put it simply, a proportion of your monthly membership subscription is entered into a profit share matrix system. This then calculates syndicate membership share payments. Over time the payments are likely to increase and the longer you are a syndicate member the greater your potential for higher payments. Although not guaranteed, the system is capable of paying you anywhere between £10.00 up to a staggering £22,546.00 depending on subscription activity. *Please note:* You have to be a subscribing member for at least 3 months before you are entered into the share system. I have a history of sharing my company profits with others. I wish to continue this reputation and offer my syndicate members similar rewards regardless of their winnings. Thankfully, worrying about money for me is a thing of the past and this is why I have a burning ambition to help others achieve financial freedom. How many other service providers have you subscribed to that wanted to give you a share of the monthly profits in this way?

**How much will you get?
£10, £80, £2,000, £6,000 £???**
